I can't recall a more significant body of
policing research. Brilliant presentation

The work by [@millerjessicak](#) and [@thepdtrust](#) is such a good example of charity / academic and police partnership that is exploring an issue that really matters! [#cccuconf18](#)

Practical stuff that is coming out of the research - visit the website people policingtrauma.sociology.cam.ac.uk [#cccuconf18](#)

This is really exciting stuff and will definitely help officers and staff.

#cccuconf18 @CClanHopkins

describing the pressures on GMP...

hoping our trauma resilience and survey work with @thepdtrust and

@CamSociology can help you meet this incredible demand 🤝
